Discussion

Councilwoman Perrone – Will the Summer Recreation Brochure be sent via mail or is it only available for pick up?

Township Manager – That is something that can be picked up. They will be in the library, Kennedy center and Municipal building.

Councilwoman Worthy – I just want to address your statement about other municipalities asking for financial coverage for EMS. Is there a common practice to assess those fees?

Township Manager – The issue is on the weekends particularly, one of our partnering neighbors receives calls back to back, they come to Willingboro to support us and then they are dispatched. They have put forth additional staffing anticipating helping Willingboro.

Councilwoman Worthy – I am happy to have that conversation with the governing body to figure out a solution.

Councilwoman Perrone – When is the next newsletter going out?

Township Manager – The end of July.

Councilwoman Perrone – In regard to the newsletter and Summer brochure, I would like to introduce the idea of a flipbook.

Township Manager – I like that idea; we have been trying to find more modern ways to produce the material without printing.

Councilwoman Perrone – Another suggestion I have is to make a survey seeing if the residents would like the issue printed or mailed to them.

PUBLIC COMMENT – AGENDA ITEMS ONLY – 2 MINUTES

Sarah Holley

Tioga Lane

- Mr. Harris, you indicated there's a maximum of \$5,000, is this moving forward? You guys have the Clerk a \$20,000 stipend, I described it as a raise, and I was corrected by council that it was a stipend. I see \$5,000 indicated is the max but two or three weeks ago it was a \$20,000 stipend given to one employee. I believe one year; the \$10,000 stipend is given and then another year the additional \$10,000 stipend is given. Making that a total of \$20,000 a stipend over a period of two years. At that time, I indicated we have teacher assistance in the school district only making \$18,000 for one whole year. So, \$20,000 stipend is a bit much. Could you explain the discrepancy there? \$5,000 vs \$10,000 for the \$20,000.

Township Manager address Public Comment

- The governing body has a lot of discretion in establishing those salaries based on their will. As the Township Manager, I have a lot of latitude in the salaries that are given to my subordinates, department directors' employees, and some of my predecessors may not have used that authority discriminatively as far as stipends are concerned, to persons that I have direct control over. This is putting structure in place and controls in place that will be happening in the future.
- **Councilwoman Perrone** – With regards to titles, that some of the titles were changed, amended, or adjusted, however those hired there will have that new title? Is that right?
- **Township Manager** – Yes.
- **Mayor McIntosh** – Ms. Holley to address your question, majority of council not everyone did vote on applying a stipend to a person that we felt all of their acting they are filling some requirements for that job. They are doing their job. I thought it was acceptable to apply a stipend and I stand behind that decision. Majority of council did vote in that direction, and some did not. I do want to address it was \$10,000 that started this year.

Discussion –

Councilwoman Perrone – I know you said with the titles we do not have an Assistant Public Administrative Officer, I thought we did have an Assistant Public Administrative Officer?

Township Manager – We do. We are changing the Executive Level titles. These are more relevant to the director heads.

Councilwoman Perrone – For those salaries, that had a \$10,000 difference for anybody who is currently making that will their salary change?

Township Manager – No one’s salary will be decreased but if you are coming in then yes, they will receive the salary decrease.

Councilwoman Worthy – Mr. Harris, thank you for discussing the salaries, for section 1B could a closer look be taken? What really came to my attention was the difference in the minimum and maximum salary for grades 15 and 16, they are very close. Also, in section 2A, are we changing it from 2015 to 2022? Should this ordinance reflect the current amount that council was making based on those two percent increases that everyone has been getting since 2015. I don’t think those numbers accurately reflect where the governing body is now.

Township Manager – We can do that. New persons coming onto council would be compensated at the then current salary and salary ordinance.

**Meeting Minutes
June 8, 2022**

Councilwoman Worthy – I was curious about the director of finance position in section 3A. Is that something that would be appropriate for Range 4? Can Public Works be moved to Range 5?

Township Manager – Director of Finance was arranged in Range 4 previously. We did move that into Range 5, director of finance, chief finance ...

Councilwoman Worthy – My question is why? I’m trying to understand. It could also be there with the Clerk.

Township Manager – I can’t say if there was any reason.

Councilwoman Worthy – For employees that will be over the newly established salary maximum, is it possible that those cost of living adjustments be paid out separate and not added to the base pay to continue to perpetuate our range?

Township Manager – I will have to talk to the CFO to see if that can be done.

Councilwoman Worthy – If it be the will of council, I am interested in looking at that to see what the difference is. Something that’s not supposed to be a long term on going thing. I just think it’s worth looking at.

Mayor McIntosh – I agree with Dr. Worthy. I would like to see what that could look like.

Councilwoman Perrone – I am open to that as well. Yes.

Deputy Mayor Whitfield – Yes. I agree as well.

Township Manager – Between now and the next meeting I can present something to you.

Discussion –

Mayor McIntosh – Mr. Harris for this particular request, do you think this is the most efficient and effective way to handle our IT?

Township Manager – For this temporary situation, yes.

Deputy Mayor Whitfield – How long do you anticipate this temporary situation to last?

Township Manager - For just a period of two months.

Mayor McIntosh – Do we have a plan for if it lasts for more than two months if we approve this?

Township Manager – That is correct.

Councilwoman Worthy – Are you anticipating this two months maximum or the range of 2-6 months? Any thoughts of how much longer?

MUNICIPAL CLERK UPDATE

Township Clerk –

- For the month of May, the Clerk’s office received 908 phone calls and made 1,019 calls
- We had a total of 3 new mercantile licenses with a total of 12 new dogs
- There were 91 OPRA’s that came in
- 1 Planning Board Application and 1 Zoning Board Application
- We had a total of 5 death certificates

Meeting Minutes June 8, 2022

- 84 new birth certificates
- 11 marriage certificates
- 12 marriage applications
- 5 wedding ceremonies
- Still ongoing with Granicus, we will start our trial tomorrow with the Clerk's office at 8am
- We continue to workout to get our records digitized for the office from the library and Municipal Building
- Proclamation folders
- A total of 119 Foreclosures from January to present

Council Questions or Concerns for Township Clerk –

Councilwoman Worthy – If it's the will of the body, on the professional's slide is it possible to show us the numbers of how much money is remaining in the pool so we can make sure that we're mindful of how we're spending?

Mayor McIntosh – I think that's helpful for us to determine how we move forward or anticipate the end of the year cost. I think it would be helpful if the clerk can provide that data point.

Township Manager – I will provide that information to you in my more comprehensive report in the second meeting. I did submit some of that information in my prior's month report. I will make sure you have that comprehensive information from the CFO moving forward. It will be a monthly thing in my comprehensive report.

Township Clerk – Are you talking about for planning board and zoning board or in general?

Councilwoman Worthy – Council just wants a window into where we are.

Township Manager – You'll get a look into my comprehensive report every month.

UNFINISHED BUSINESS

Mayor McIntosh – Mr. Harris I did want to bring up the realtor conversation per Councilman Anderson. I just want some feedback from that meeting.

Township Manager – Last month, there was a second pile up meeting with the realtors in the Township and our Tax Assessor. It was attended by the Burlington Tax Administrator as well. They did confirm that Willingboro does added assessments like every other municipality in Burlington county. The Tax Administrator of Burlington was impressed with the way we handle added assessments. She has talked about making that the standard for the rest of the municipalities. She has been talking with our Tax Assessor to get what he does to imitate that to their level. The realtors were informed that the assessment request was not mandatory. That was something that was optional on their part. It was revised that once it was requested then the assessor was obligated to perform that review. It was not mandatory it was optional. The tax assessor office that handles those reviews, the submission of all of those documentations is optional with the understanding that the more information you provide, the more accurate the assessment would be. The takeaway was that they offer and brought copies of the abatement application. The meeting was held on May 20, 2022.

NEW BUSINESS

Councilwoman Perrone – I’m asking for your permission, for council to authorize the financial audit that’s conducted by the state. I feel we need to do a more detailed audit of our finances and authorize the state to conduct the audit.

Solicitor – I don’t know if the state performs or does audits for municipalities upon request. The audit function is left to the authority and discretion of local municipality. I wouldn’t imply the term forensic not to imply criminal allegations, but I would use a different term. I don’t know perhaps if the state can do that. Councilwoman Perrone you would have to discuss this matter with Mr. Harris and Mayor McIntosh. Mr. Harris do you have anything you want to add?

Township Manager – What you’re saying is absolutely correct. Based on my experience, the municipality directs us to hire auditors and we haven’t even completed our 2021 audit. We just adopted our budget a few weeks ago. Forensic audits are done if there is relative belief that there is some type of criminal activity going on. They are usually geared toward specific items, to complete a general broad audit would be expensive.

Solicitor – If you’re basing your motion off the ladder of what Mr. Harris recommends, I would ask the council to close executive session to further explore and review. You can get some more context if that is what you’re asking for.

Councilwoman Perrone – Yes, that’s exactly what I’m asking for as far as for any criminal activity. I’m asking for council to vote on it and Mr. Harris can go to the drawing board as far as expenses. That is the nature of my question and concern.

Solicitor – You would need to identify which accounting firm or auditing firm is going to do the audit . You would need to as a council give the administration direction as to what the not to exceed dollar amount would be.

Mayor McIntosh – Councilwoman Perrone this has been voted on by council last year. We did it twice but there was no response back.

Deputy Mayor Whitfield – Yes and we also did appropriate some funds in councils’ budget for the 2022 year forensic audit. We just have not decided on those particular areas that we would like for them to look into. I think that’s something we can talk about in executive session.

Solicitor – I would recommend any further dialogue be saved for closed executive session.

Mayor McIntosh – I would like to nominate and welcome **Titus Welcome** to the Municipal Alliance.

PUBLIC COMMENT

Mattie Mallory

- I'm not sure I clearly understood the \$10,000 stipend that was given to the Acting Clerk. Was this a one time \$10,000 or two times \$10,000? Was this done instead of a \$20,000 raise? I'm just trying to separate the difference between the stipend and the raise.
- I'm concerned about the working hours for the Acting Clerk. On May 9th, when I went to pay my taxes, it was after 3 o'clock and I asked to speak to her, I was told that she was gone for the day. On May 18th, I went to the Municipal Office, and I asked to speak to the Acting Clerk, and I was told that she was gone for the day. The young lady proceeded to call her and came back asking what is it that I wanted. On the 19th of May, I emailed the Mayor regarding this issue, and I did not receive a reply. On the 27th of May, I sent a second email to the Mayor and have not received a reply on this issue. So, I'm concerned that on two occasions, when I went to speak to the Acting Clerk she was gone for the day. This is a great concern not just for me but for all of us that pay our taxes. We have these allegedly \$20,000 raises we can't even get our trash collected properly. We can't put out extra, we're going to be charged for a second trash can and it's terrible. I've lived in this town for 50 years and I've seen a lot of things happen that go on in this town that are not acceptable.
- There was a discussion about the street sweeper, still nothing has been done, I travel on Charleston Road and Levitt there's trash all along the side. The drains are covered with debris. There's a lot of things we need to take a look at.

Solicitor – I would just advise the council to be cautious in responding to that answer since it pertains personnel. Everyone is entitled to paid days, personal and sick leave. That question has been asked and answered several times regarding the stipend.

- Regards to Zoning Ordinance 37 -75, that's driveway specifically section K, the question and concern I have with that particular Ordinance. It says a driveway can't be an 8 by 5 area, it has to be next to the garage side of the house and a fence shall be erected from blocking your neighbors to seeing that driveway path. My main concern about this particular Ordinance says that, "Path cannot over exceed the front or rear residential structure where it is located." My question is, in regard to that, how will a person partake a trailer if it doesn't exceed the front of that residential structure as far as connecting it to a driveway or something like that? The other consideration, for scripting a resident to a foot wide pad, that might be troublesome depending on the size of the trailer.
- Home based businesses, such as in the service industry have vans or display business information. I think it would be a good idea to have permits to have some of these businesses park their

Meeting Minutes June 8, 2022

Councilwoman Perrone – Mr. Taylor, do you have any legal advice based on what I and Mr. Harris stated?

Mr. Taylor – I don't disagree with Mr. Harris, but I also don't fully understand the context your question? There may be ways to promote local businesses, but this can be further discussed in executive session or another time.

Councilwoman Perrone – I would like for it to be free but if not, I wouldn't mind a small fee so that we can support home-based businesses that are residents of Willingboro.

Mayor McIntosh – Okay, we can discuss this in new business and have this on our agenda for the next meeting.

Councilwoman Worthy -

- I would like to say happy belated birthday to councilwoman Perrone and Madam Mayor.
- I also wanted to share that ACME in Willingboro will be having a celebration of food, fun and festival this Saturday from noon to four pm. They will have live music and food tasting. It is National Get Out day.
- I also want to welcome and celebrate two new businesses in Willingboro, Shokra Soups and Supreme Sweets. The food was delicious, and they had an amazing grand opening, thank you Mayor and Deputy Commissioner Felicia Hopson for attending as well as deputy Mayor Whitfield. I did want to share that these are Willingboro residents investing in their community and I would like to thank those who choose to open their business here.

Deputy Mayor Whitfield –

- I want to echo welcome Shokra Soups and Supreme Sweets in Willingboro. I also had a sampling of their menu and it was quite tasty. I encourage all residents to go support them.
- Also, one of the businesses, answers one of the concerns that our youth brought to our attention during Youth in Government day. They wanted to limit the number of fast-food restaurants that we have here in town.
- I want to thank and give a round of applause to the Recreation Department on the 7th annual Youth Fishing Challenge. Thank you to all of those that made that possible.
- Next week is National Get Outdoors Day. I want to encourage everyone to stop by our very own community garden in the courtyard of JFK. I encourage everyone to stop by and take a peek as well as inquire about how you can get involved in our community garden project.

Mayor McIntosh –

- I want to thank our administration, our employees and our council for a productive meeting today. Also thank you to our residents who chime in with their questions and concerns for their township.
- I want to recognize the Recreation Department for the Youth Fishing Challenging. It was well organized. I encourage residents to get involved and take advantage of the space at Crystal Lakes. It's on Industrial Drive in Willingboro. You do need a license to fish. You can get it from Dick's or something of that caliber.
- Please get out and interact with your fellow community and unity.
- I want to acknowledge the death of Harry DeVane Walker, Jr. He passed away about a week and a half ago. He brought a lot of people together. He was an advocate for the youth. I would like to say rest in peace to Harry DeVane Walker, Jr. His funeral is
