**§ 291-13. Definitions; word usage.**

For the purpose of this article, the following terms, phrases, words, and their derivations shall have the meanings stated herein, unless their use in the text of this article clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. **DOMESTIC SEWAGE** — Waste and wastewater from humans or household operations.

**ILLICIT CONNECTION** — Any physical or nonphysical connection that discharges domestic sewage, noncontact cooling water, process wastewater, or other industrial waste (other than stormwater) to the municipal separate storm sewer system operated by the Township of Willingboro, unless that discharge is authorized under a NJPDES permit other than the Tier A Municipal Stormwater General Permit (NJPDES Permit No. NJ0141852). Nonphysical connections may include, but are not limited to, leaks, flows, or overflows into the municipal separate storm sewer system.

**INDUSTRIAL WASTE** — Nondomestic waste, including, but not limited to, those pollutants regulated under Section 307(a), (b) or (c) of the Federal Clean Water Act [33 U.S.C. § 1317(a), (b) or (c)].
